

FUJITSU DIE-TECH CORPORATION OF THE PHILIPPINES

OUR VISION

Fujitsu Die-Tech Corporation of the Philippines (FDTP) is a strategic geographical expansion of Fujitsu Frontech Limited. FDTP is envisioned to operate and maintain a conducive workplace where one can stay in for the longest possible time, and everyone working with the company, including his or her family and other relevant interested parties, could depend on.

OUR MISSION

To provide distinctive products and services as a leading international competitive contract manufacturer of high-quality Tools & Dies, Shaft & Molded Products, and Mechatronics Component.

To further support Fujitsu Frontech Ltd. in maintaining its global leadership as a provider of automated mechanical units, FDTP shall adhere to Fujitsu Frontech Ltd.'s corporate goals and objectives.

In line with the corporate mission, the Manufacturing Divisions shall work, together with the support of all employees, to make FDTP the No. 1 Mechatronics Manufacturing Company in the world.

OUR CORPORATE OBJECTIVE, STRATEGY AND VALUES

To operate profitably, considering statutory and regulatory requirements, for the benefit of relevant interested parties.

In line with the corporate mission and vision, FDTP shall operate under the following winning frameworks:

- Exceed Customer Satisfaction
- High-Precision Quality Products
- Competitive Price
- Timely Delivery
- Competent Human Resources
- Leadership in the application and innovation of digital technology

To uphold such frameworks, management shall lead FDTP towards efficiency and productivity.
